"NULLIFY LAW OR WE LEAVE"

Such, Says Agent, is Attitude of
Underwriting Com-
panies

IS TO TEST LAW IN COURTS

Law Enforced Until Nullified Says
Secretary Samuels
of Board

ATTORNEYS have been retained by the Insurance Company of North America to prepare a brief attacking the constitutionality of the new insurance law of Oklahoma, known as House Bill No. 70, which the head of a leading insurance agency in this city designates as "the crudest measure ever drawn."

Local underwriters assert that, knowing the law to be defective, the state department is in a mood to submit to almost anything in the way of compromise in order to forestall a test of the law in the courts and to keep the insurance companies in the state until the next session of the legislature, at which time it will be possible to amend the law that it will "hold water" and will not operate to bring about a condition in this state similar to that which recently has been rectified in Missouri, wherein a number of the principal companies withdrew from that commonwealth because of radical and unfriendly legislation.

Board Is Without Funds.

Moreover, it is pointed out that the new board, which is to have supervision over rates and other features of the underwriting business, has no money with which to operate. If it were not for this crippled condition, the underwriters say, the state department would be in a less conciliatory mood.

It is even feared that, if a tentative agreement is effected, and the law is not nullified by legal process, the only result of such temporizing arrangement will be the securing of a big appropriation from the legislature, and adoption of a defiant attitude toward the companies rather than the (Continued on Last Page)

NEBRASKAN NOTE IS SATISFACTORY

Sec. Lansing Reports Germany is
Ready to Make Due
Reparation

WASHINGTON, July 15.—Germany, in an official memorandum transmitted today from Berlin by Ambassador Gerard, admits that the American steamer Nebraska was torpedoed by a submarine; expresses regret and readiness to make reparation; and assures the United States that the attack was not meant for the American flag but is to be considered an unfortunate accident.

Secretary Lansing made public the German memorandum which closes the incident, it was said, except as to the payment of damages.

The state department made this announcement:

"Ambassador Gerard has telegraphed the state department the following memorandum from the German foreign office:

"The German government learned from newspaper reports that the American steamer Nebraska had been damaged by a mine or torpedo, on the southwest coast of Ireland. It, therefore, started a thorough investigation and it has become convinced that the damage to the Nebraska was caused by a submarine.

"On the evening of May 25 last, the submarine met a steamer bound westward without a flag and with no neutral markings on her foreboard, about 35 nautical miles west of Fastnet Rock; no appliances for illumination of the flag or markings was to be seen. In the twilight the name of the steamer was not visible from (Continued on Last Page)

Thaw Confident That Judge, Who Has Real Say in Trial Will Bow to Jury

THE JURY
The jury consisted of David Robinson, foreman; Jesse L. Strauss, Adolph W. Frisch, Maynard M. Miller, Louis Kohn, Paul J. Marks, Chester A. Bently, William Newman, Ignatz Spitzer, H. Kuehne, Charles Kaufman, and John Elliott.

NEW YORK, July 15.—While awaiting the decision of Supreme Court Justice Hendrick on the question of Harry K. Thaw's sanity, Thaw's counsel had prepared for submission today a formal order vacating the original commitment under which he was first sent to Mattawan. Justice Hendrick had promised to receive application for such an order today but it was understood that his decision whether to free Thaw as sane would not be rendered until tomorrow. Although a jury has rendered a verdict declaring that Thaw now is sane the justice was not necessarily bound to adopt it as he had ordered that the jury should act only in an advisory capacity.

FAIN WILL TRY ELECTION CASE

Highest Court Remands One More
Important Than the Grand-
father Law

Every ballot cast in an election for congressman or United States senator must be counted. The constitution of the United States guarantees to every legal voter the right to cast his ballot and protects it from the time it is cast until it has been counted and the returns have been made. The responsibility of the federal government does not end with the casting of the ballot and the disposition of ballots so cast is not then turned over to the state. This principle has been established by a decision handed down by the United States supreme court to the Blaine county election fraud case. *****

It is not generally known that the Guinea and Beall case from Kingfisher county, on which the grandfather clause was decided in the United States supreme court, was not appealed to that court by the district attorney or the defendants, but was never carried higher than the 81. Louis circuit court of appeals. By that tribunal it was referred to the supreme court under the statute which says that where a case has been appealed to the circuit court of appeals and the prejudices are in doubt as to (Continued on Last Page)

INDUSTRIES ARE FOR CONFERENCE

American Producers Invoke Aid of
Packers Toward Getting Special
Session of Congress

WASHINGTON, July 15.—American meat packers in conference here with the state department seeking relief from British detention of some fourteen million dollars worth of cargoes to European countries, have been asked by representatives of cotton growers, livestock interests, state officials in the cotton and cattle belts and other American business interests affected by the war to join in a general conference here, having for its object a proposal for a special session of congress to deal with the rights of neutrals. It also would take up the question of providing shipping facilities for Americans.

Representatives of the great Chicago packing houses who concluded their conference with state department officials today, disclaimed any initiative action in the proposed conference and said their cooperation in the movement depended on whether the negotiations now in progress resulted in any relief.

FAIR ELECTION BOARDS SOUGHT

Socialists to Submit Reform
Amendment by Initiative
Petition

WILL CIRCULATE AT ONCE

Expect Aid From Republicans and
All Fair-Minded Democrats
in the State

REPRESENTING the Socialist party of Oklahoma, Pat Nagle of Kingfisher, editor of "The Tenant Farmer," today made filing in the secretary of state's office for what will be known as state question 78 and initiative petition 51, the intent of which is, in brief, to make possible fair elections in the state of Oklahoma.

The gist of the proposed amendment is the creation of a state election board consisting of three electors. The state chairman of the three political parties casting the greatest number of votes for governor at the last gubernatorial election shall each designate one member of the board and certify his name to the secretary of state, and the latter shall immediately appoint and commission the person so designated.

The proposition also provides, in other sections, that the county election board shall be appointed by the county chairman of the three leading political parties, and that precinct election boards shall be appointed by the precinct chairman of the leading parties.

It is also provided that the state election board shall have general supervision in election matters and be authorized to make all needed rulings and general regulations governing the board not inconsistent with the election amendment and the election laws of the state not repealed by the amendment.

The last section provides that "con- (Continued on Last Page)

LOVE, LOYALTY AGAINST WEALTH

Ammerman and His Wife Pursued
by Rich Mexican, It
Is Said

WILL love and loyalty conquer, or will the desire for wealth and social prestige as offered by an ardent suitor of Mexican birth and, perhaps, by an ambitious parent, predominate with Mrs. Lynn Ammerman, nee Virginia Murlin? Those are the questions that followers of the Coleman trial in the United States district court at Elud have been asking each other ever since the advent of Mrs. Ammerman as a witness in the trial and the consequent appearance of an attorney for the wealthy Mexican of San Antonio, said to be infatuated with the beautiful and accomplished girl who delighted so many with her marvelous dancing.

While in San Antonio, and after Ammerman had returned to Oklahoma to face embezzlement charges arising out of his employment at one of the banking institutions of this city, Mrs. Ammerman, then Virginia Murlin, met a wealthy Mexican, who after the manner of his race, proceeded to woo her in a most ardent manner. However, before the suitor could press his case to a satisfactory end, Ammerman reappeared and the dancing partners were married.

Divorce Suit Filed

It was at this time that the parent mentioned before, is said to have taken a hand in the proceedings. At any rate, a divorce suit was filed by Mrs. Ammerman saying that she (Continued on Last Page)
